

OCCUPATIONAL HEALTH AND SAFETY POLICY

Corem conducts its activities in such a way as to ensure a healthy and safe workplace for its employees, subcontractors, and visitors. Through multiple actions, Corem makes all necessary efforts to prevent workplace injuries.

To this end, Corem commits to:

Manage its activities in **compliance** with applicable laws and regulations, while emphasizing prevention.

.....

Implement **risk management** processes to identify, assess, and proactively manage occupational health and safety hazards.

.....

Ensure the **continuous improvement** of its systems and practices under this policy.

.....

Manage occupational health and safety issues in an **integrated and harmonized manner** with the overall management of the organization.

.....

Support and recognize **participation** and **performance**.

With a culture that promotes innovation, learning, and multidisciplinary, Corem relies on the commitment and accountability of all its staff members to achieve its occupational health and safety objectives.
