ÉLÉONORE

GLENCORE

DETOUR GOLD

OUR SERVICES

- R&D and innovations
- Analysis
- Technical expertise
- Laboratory or pilot scale tests

OUR FIELDS OF EXPERTISE

COMMINUTION

PHYSICAL SEPARATION

FLOTATION

EXTRACTIVE METALLURGY

PELLETIZING AND THERMAL PROCESSES

MINERALOGY

CONCRETE BENEFITS AT YOUR FINGERTIPS

Improvement

- Metallurgical process performance
- Operational efficiency
- Investor confidence

Reduction

- Operating costs
- R&D costs
- Risk linked to new equipment
- Water and energy consumption
- Environmental impact

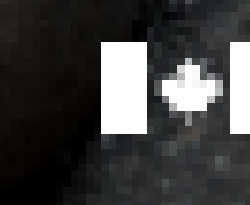

Member benefits

- Over \$7 per \$ invested

A range of specialized services and research expertise for a sustainable and efficient mining industry

Financial partners

INNOVATION

The largest concentration in Canada of R&D resources dedicated to mineral processing

- More than 125 scientists, engineers, technologists and technicians
- 10,000 m² Pilot plants and labs

Become a member for a pooling of:

- Challenges
- Expertise
- R&D costs

Become a customer for:

- Your specific needs
